

## **CALL FOR ARTICLES**

**Evolutionary Intelligence Journal, Springer-Verlag Berlin Heidelberg**

**Special Issue on Twenty Years of XCS Classifier System**

**Manuscript submission: 1 August 2014**

The introduction of XCS in 1995 by Stewart Wilson revived the research in Learning Classifier Systems (LCS). Two decades later, XCS is still leading and inspiring research in evolutionary machine learning.

Submissions are now invited for a special issue of Springer's Evolutionary Intelligence Journal marking the 20 years of XCS. The special issue will consider the **original contributions** as well as the **extended versions of papers** submitted to International Workshop on Learning Classifier Systems (IWLCS 2014) and Evolutionary Machine Learning track of Genetic and Evolutionary Computation Conference (GECCO 2014) co-held at Vancouver, Canada on July 12-16, 2014.

### **Key Dates:**

First submissions: 1 August 2014

First reviews to authors: 6 October 2014

Revised submissions: 3 November 2014

Revised reviews to authors: 1 December 2014

Camera ready: 15 December 2014

### **Guest Editorial Team:**

Tim Kovacs (kovacs@cs.bris.ac.uk)

Kamran Shafi (k.shafi@adfa.edu.au)

Ryan Urbanowicz (ryanurbanowicz@gmail.com)

Muhammad Iqbal (Muhammad.Iqbal@ecs.vuw.ac.nz)
