

Human Brain Project
Education Programme

1st HBP STUDENT CONFERENCE

Transdisciplinary Research Linking Neuroscience,
Brain Medicine and Computer Science

8-10 February 2017
Vienna, Austria

Abstract Submission Deadline: **7 October 2016**
Registration Deadline: **23 January 2017**

Call for Submissions:

The 1st HBP Student Conference provides an open forum for exchange of new ideas among young researchers working across various aspects of neuroscience, brain medicine and computer science relevant to the Human Brain Project. The scope of the conference offers a plethora of opportunities for extensive scientific discussions, both intra- and inter-disciplinary, among peers and faculty through a variety of discussion sessions, lectures and social events.

We invite original high quality submissions describing innovative research in all disciplines addressing the HBP research programme. Contributions emphasising theoretical and empirical foundations as well as novel approaches to specific problems with respect to the twelve subprojects of the HBP are welcome. Finally, we particularly encourage submissions with a potential to inspire the research community by introducing new and relevant problems, concepts and ideas, even if the work is at an early stage of development.

Participation in the 1st HBP Student Conference is open to advanced master students, PhD students and young researchers, regardless of whether they are affiliated with the HBP or not and regardless of whether they make a submission to the scientific programme or not. **Registration is required.**

Conference Programme Committee:

Nikola Simidjievski | JSI, Slovenia
Andrea Santuy | UPM, Spain
Miriam Menzel | FZ JUELICH, Germany
Jovan Tanevski | JSI, Slovenia
Vitali Karasenko | UHEI, Germany
Tara Mahfoud | KCL, UK

Organiser:

HBP Education Programme Office
Innsbruck, Austria
