Assistant Professor in Psycholinguistics, Brown University

Location: Providence, R.I. 02912

The Department of Cognitive, Linguistic, and Psychological Sciences at Brown University invites applications for a tenure-track Assistant Professor position beginning July 1, 2018, from individuals focusing on psycholinguistics at or above the word level in adults or children. Approaches could include - but are not limited to - computational modeling, laboratory experimentation, and/or neuroscientific methods. Candidates whose research and teaching addresses variation across individuals or communities, within or across languages are especially welcome. We seek applicants whose research informs and is informed by allied areas in cognitive science, linguistics, or psychology. Successful candidates are expected to have (1) a track record of excellence in research, (2) a well-specified research plan that is likely to lead to research funding, and (3) a readiness to contribute to teaching and mentoring at both the undergraduate and graduate level. Brown has a highly interdisciplinary research environment in the study of mind, brain, behavior, and language; the Department is located in a recently renovated state-of-the-art building in the heart of campus.

QUALIFICATIONS All Ph.D. requirements must be completed before July 1, 2018.

APPLICATION INSTRUCTIONS Curriculum vitae, reprints and preprints of publications, statements of research and teaching interests noting potential contributions to diversity and inclusion, and three letters of reference should be submitted on-line as PDFs to <http://apply.interfolio.com/43830>. Applications received by November 1, 2017 are assured of full review.

Brown University is committed to fostering a diverse and inclusive academic global community; as an EEO/AA employer, Brown considers applicants for employment without regard to, and does not discriminate on the basis of, gender, race, protected veteran status, disability, or any other legally protected status.
